

## CCPM03 – Disciplined Agile® Scrum Master (DASM) Certification

### Description

This programme prepares candidates for the PMI Disciplined Agile® Scrum Master (DASM) Certification exam.

*Do you find yourself...*

- Facing an ever-changing environment?
- Using a framework of steps that makes no sense?
- Feeling your agile practice doesn't deliver what it should?

The DASM certification equips you to successfully lead agile teams, thereby future-proofing your career in a world in which agile is fast becoming the way forward. The Disciplined Agile® tool kit includes hundreds of proven practices, including Scrum, Kanban, SAFe®, and even some predictive approaches, and puts them into context. By taking the course — and becoming DASM certified — you'll understand how to customise your way of working to the approach that makes sense for the situation you face in your organisation and industry.

### What you will learn:

- Grasp the fundamentals of agile and lean, and how you can practically use both approaches to produce value for your teams.
- Explore multiple agile and lean techniques from methods such as Scrum, Kanban, SAFe®, and more.
- Understand how to put these techniques into practice and ensure successful agile implementation.
- Appreciate the DA™ mindset and its underlying principles, such as pragmatism, the power of choice, and adapting to context.
- Learn how to apply the Disciplined Agile tool kit to discover the most effective way of working (WoW) for you, and your team in your unique situation.

### Course Materials

- Access to PMI® Authorised DASM Content via the PMI® Choice Platform - Access Keys must be redeemed within 12 months of purchase. Once redeemed, your materials are available for 12 months. Access Keys can only be redeemed once.
- Choose your WOW! A Disciplined Agile Delivery Handbook for Optimising your Way of Working (WOW) (.pdf version) via PMI® Choice Platform.

### Intended Audience

- Participants new to agile, as well as experienced practitioners looking to develop their agile knowledge further.
- Scrum Masters looking to advance their career to include team coaching.
- Teams looking to find better ways of approaching their work while staying within an agile way of working.
