

CCPM01 – Certified Associate in Project Management Certification Preparation Programme (CAPM)[®] (Evening Lectures)

Description

This programme prepares candidates for the PMI[®] CAPM[®] certification exam including:

- Pre-assessment of eligibility of all candidates prior to course confirmation
- Provision of Application templates, assistance with completion of application, quality check, online application to PMI[®]
- 3 day Project Management Fundamentals Course
- 7 x 4 hour evening lectures (once a week) covering covering the Domains as defined in the CAPM Exam Content Outline (ECO) per session plus Professional Responsibility and Exam Preparation

Regardless of your career stage, the Certified Associate in Project Management (CAPM)[®] is an asset that will distinguish you in the job market and enhance your credibility and effectiveness working on or with project teams. Organisations with standardised practices attain better results. Because the CAPM[®] recognises your knowledge of the profession's preeminent global standard, you'll stand out to employers and be poised to move ahead.

Project management is a rapidly growing profession. Research indicates that employers will need to fill nearly 2.2 million new project-oriented roles each year through 2027. With the CAPM, you'll be on the fast track to opportunity.

The CAPM[®] Exam Content Outline (ECO) reflects market expectations of entry- and associate-level professionals.

Extensive market research validated that today's project team members work in a variety of environments and utilize different approaches. The new exam will test skills necessary to understand project management fundamentals as well as predictive, adaptive and business analysis principles.

Learning Objectives

Successful candidates will become a PMI[®] Certified Associate in project Management (CAPM)[®], which is an internationally recognised certification.
